PROFESSIONAL SUMMARY

Motivated and curious tech enthusiast with a solid foundation in Python and Django, actively seeking a backend development internship to apply and enhance my skills in a professional setting. Eager to contribute to real-world projects, collaborate with experienced developers, and grow as a capable and future-ready backend developer. Passionate about continuous learning, clean code, and practical problem-solving.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript
Frameworks & Libraries: Django, Bootstrap
Databases: MySQL, SQLite, PostgreSQL
Tools & Platforms: Git, GitHub, VS Code
Other Skills: Object-Oriented Programming (OOP), REST API Development

PROJECTS

Inventory Management System
- Built a role-based authentication system with separate dashboards for admin and users.
- Implemented CRUD operations for products, suppliers, and sales orders.
- Designed responsive UI for mobile and desktop views.

Social Blog Application
- Developed a user authentication system with registration, login, and password reset.
- Created CRUD functionality for blog posts with comments and likes.
- Used Django's class-based views for clean and reusable code.

EDUCATION

- **B.IT (Bachelor of Information Technology)**
  Amrit Science Campus, Lainchaur
  Expected Graduation: 2026

- **+2 Computer Science**
  Swati Sadan College, Macchapokhari
  Graduated: 2022
